Confirmation of Payee is a new service across the financial services industry to help you avoid scams and paying the wrong person. When you pay a business or person using a BSB and account number in the NAB app or NAB Internet Banking, the service checks the name and account details you've entered with those held by the business or person's bank, and lets you know if the details match. You can then choose whether to go ahead with the payment or pause to check the details again, helping you make sure that the payment is going where you want it to. Confirmation of Payee will also be used when others make payments to you, and the account details they enter will be compared to the account details we hold for you.
